

My name is Briana Sandoval my titles here at Symmetry Chiropractic include:

- ❖ Chiropractic Assisting
 - Have patients ready to see the doctor, make sure the doctor has everything he needs, and translate to Spanish when needed.
- ❖ Massage and Other Therapies
 - Ensure patients receive therapies needed to heal their pain and discomfort.
- ❖ Billing
 - Bill to insurances and make sure they pay for the patient's treatment
- ❖ Receptionist
 - Maintain a weekly schedule, schedule appointments, take messages, answer questions, and redirect calls,

However, if you ask me what my favorite title is it would be Patient Ambassador (This is more of a self-given title). As a Patient Ambassador I look out for the patient, I make sure they know their rights when it comes to work and auto accidents. I make sure the insurances are not taking advantage of the patient. I make sure our Spanish-speaking patients understand from a medical perspective what is happening and are not being brushed off to get to the next patient.
